

Saturday & Sunday, August 29-30, 2009

✈ **Gates open at 9am, Show starts at 10:30am**
(Performers listed not listed in order of appearance.)

✈ [U.S. Air Force Thunderbirds](#)

This crowd-thrilling military jet team is back and better than ever! Don't miss as they perform on both Saturday and Sunday!

✈ [U.S. Army Golden Knights Parachute Jump Team](#)

Performing multiple free-fall parachute jumps, the Golden Knights will descend to a perfect bulls-eye landing! Don't miss this popular performance – both day and night!

✈ [Sean D. Tucker and the Collaborators](#)

Four pilots. Four high performance aerobatic airplanes. Fourteen minutes of non-stop innovative flying. The Collaborators are on a mission to elevate the art of the air show performance to the next level. Every flight is one more chance to strive for perfection.

✈ [Sean D. Tucker and Team Oracle](#)

In air show flying, Sean is the world's premier performer in terms of entertainment value, piloting skill and most importantly, professionalism. Sean D. Tucker is a full-throttle performer and thrilling to watch!

✈ [Patty Wagstaff](#)

Get a front-row seat view of the precision and complexity of modern, unlimited hard-core aerobatics. Patty's smooth aggressive style sets the standard for performers the world over. A three-time US National Aerobatic champion this lady knows how to command the skies.

✈ [The Robosaurus](#)

Come witness this car-crushing, fire-breathing, metal giant of a dinosaur as it feeds on a bevy of sedans, sports cars and mini-vans. Both a night and day show that are amazing and a once-in-a-lifetime event!

✈ [Kent Pietsch Air Shows](#)

Comedy and aerobatic genius..together in the air at one time. That's the best way to describe Kent Pietsch. An Air Show favorite, Pietsch (pronounced "peach") will keep you laughing, gasping and cheering for more.

✈ [Bob Carlton and Vertigo Air Shows](#)

Bob is one of the most versatile air show performers in North America. He began flying air shows in his Salto sailplane, and over the years has continued to add innovative performances such as barnstormin' biplane aerobatics, helicopter sailplane tow, night aerobatics with strobes & pyro and the world's only twin jet sailplane. The tradition of innovation continues with the recent addition of the Super Salto jet sailplane, with more power, more speed and more aerobatic capability than any other sailplane on the planet!

✈ [Renny Price and Hammerhead Aerobatics](#)

A local talent with his Russian Sukhoi 29, originally used to train aerobatic pilots for world-level competitions, he will accomplish more barrel rolls, hammer heads & snap-rolls than ever thought possible!

✈ [Oregon Air National Guard](#)

Our very own military F-15 aircraft will open both shows during the weekend – honoring Oregon military heroes!

✈ [West Coast F-18c TACDemo Team with Legacy Flight](#)

With plenty of turns and burns and rolling thunder, this Team is an air show favorite. Pair them with the [Legacy A1 Skyraider](#) piloted by Alan Anders and you're scheduled for a flight you won't want to miss.

 [Air Force Reserve BiPlane featuring Ed Hamill](#)

Only Ed Hamill brings you an airshow performance with a story, a message and a new standard for the industry. Beautifully choreographed, this performance takes you back in time on musical journey through the last century of aerobatics.

 [We Own the Skies](#)

Catch these guys again this year as they take to the skies and amaze on lookers with their own unique - and amazing - style of flying.

 [Classic Aircraft Aviation Museum](#)

 [Jim Vanek's Sport Copter](#)

 Magneto Flight (experimental aircraft)

 [Oregon Model Aerobatic Team](#)
